An appeal to the members/Friends/Colleagues

Dear Friends,

Recently a letter in the name of our Ex-Member (Retired) has been circulated by AADEE EZ in the public domain which is false and wellfabricated, **ADTEA EZ strongly condemn such types of dirty works**. Now AADEE have no other option except to malanie ADTEA to break our unity and solidarity because they already know that they have dropped out of the race (because they were the fresh applicants & was wrongly included their name in the RSA re-verification process list) and ADTEA are the only organisation (after fulfilling all the requisite criteria as per the RSA rules) standing on solid ground to get recognition on RSA re-verification process.

So, I on behalf of ADTEA EZ appeal to the members don't believe of this propaganda and wants to be alerts from frustated AADEE leaders because now they are started a new way to collect money from other Assn.members by showing the false letter for servival and we are sure they will do more these events later but they will not succeed in any way. Remember that we have also a list of several Ex- AADEE members' name (retired) whose payments have been deducted or withheld by PAO till date. But ADTEA does not believe in such dirty politics in abusesing someone and pretending to exist.

We on behalf ADTEA platform asking you all my friends and colleagues specially AADEE members do you believe or agree that the seniors are getting less pay than the Juniors during service or in the retirement time and stopped the legitimate due MACPs with huge arrears due to temporary stay order? If not, leave the fraud organisation (AADEE) immediately and join with ADTEA because ADTEA truly believe the equality / respects & justice for all subordinate Engg. cadres and that's why ADTEA strongly fight & focused on Tech. / Sr. Tech. and EA / SEA merger issue and Helper ACP issue with the new designation which is now under considaration of MIB.

We agin request to you all don't emphasise such nasty propoganda and protest this act unitedly.

Thank you all
