

## Agenda Item No. 10

### Redeployment of closed LPT staff

- a. That is, we want to draw your kind attention on the vital decision of prasar Bharti, i.e. regarding closure of LPT/VLPT/Transponders and want to raise our concern regarding redeployment of the closed LPTV staff.
- b. That is, here we would like to draw your kind attention on the tentative statics of closed LPTV staff to be redeployed and vacancy positions at various stations in Gujrat state, as an example.

<u>Sr. No.</u>	<u>Posts</u>	<u>to be redeployed</u>	<u>Vacancies</u>
01	Helpers	12	11
02	Technicians	25	14
03	Sr. Technicians	15	09
04	EA	03	48
05	SEA	02	49

- c. That is, the above statics reflects that the majority of the staff to be deployed are Helper/ Tech. / Sr. Tech. for whom adequate vacancies are not available.
- d. That is, Since, Helpers/Technicians are locally recruited staff and out of transfer condition. Hence, this is the view of this association that the staff deployment should be to their nearest choice place with post, so that we can save our posts also. Our requests in this regards is as follows:-
- ▶ Helpers can be posted to the vacant posts of Deisel Engine Driver to their nearest choice place.
  - ▶ Technicians can be posted to the posts of Deisel Tech./Mast Tech.
  - ▶ Sr. Tech. can be adjusted against vacant post of EA/SEA as there are numbers of EA/SEA posts are vacant in the state.

### Demand

It is a request to you to kindly intervene in the matter by directing the Doordarshan authorities to take appropriate step to post the redeployed staff to their nearest choice place with post, so that, these staff may not suffer due to the Prasar Bharti rationalisation step.
